Re: Underground Storage Tank (UST) Facility Formal Compliance Inspection for Circle V
Facility Identification No. 1-038980

Dear Mr. Vicars,

Thank you and Mrs. Wendy Vicars for the documents that were submitted on December 22, 2015 and January 20, 2016.

Based upon a review of the documents submitted and our files for the site, it appears that the compliance issues noted during the UST inspection conducted on October 27, 2015, related to the UST Technical Regulation 9VAC25-580-10 et seq., have been addressed.

Please note that DEQ will continue to inspect this facility on a regular basis, and this letter has no bearing on any future compliance issues discovered at this facility.

If you have any questions or need additional information, please contact me at (276) 676-4820 or courtney.brummitt@deq.virginia.gov.

Sincerely,

Courtney J. Brummitt
